in the Experimental Aircraft Association.

Support and promote the mission, vision, goals and objectives of the EAA

President's Page

Ed Hanson

October 2012

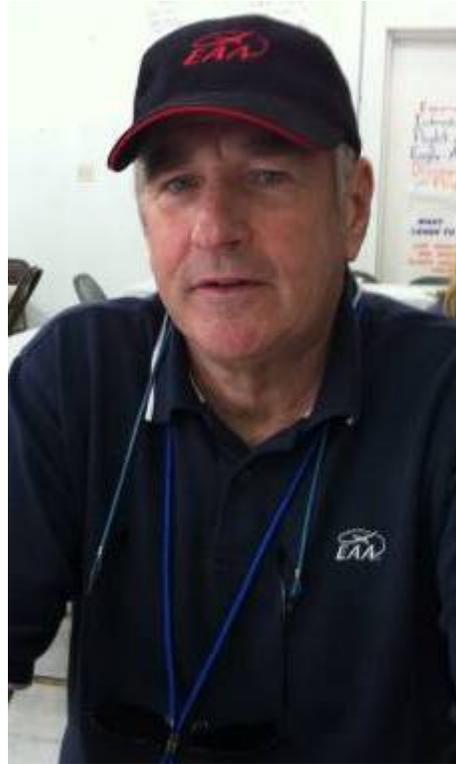

Well I'm finally able to say the upholstery for my complete except for a little detail work by me. I would ever see it done. The next project is the which should be pretty straight forward if the and I could ever be available on the same day. And the issue of a GPS/NAV/COM to purchase. I've many autos for much less than they want for that item. Oh well such is life as a homebuilder.

Due to a prior commitment, I will not be able to Chapter meeting on October 9th and have asked our president **Rick Schreiber** to conduct the meeting. will be electing our new chapter leaders at this please be especially cooperative and help the staff at hand done. We have good members who will if properly encouraged. I have asked the election committee to furnish the newsletter editor with a list of recommended candidates and we always accept nominations from the floor.

Cherie Cope had planned to attend the September meeting but had another activity to attend since it fell on 9/11. She planned to attend the October meeting but has to travel to the south. I've asked her to email the newsletter editor the details for this year's **Supplies 4 GI's** activities. I hope she takes the time to let us know.

Pegg Sangerman works at Eagle Aircraft as the flight school and marketing coordinator. She is inviting all members of the EAA to their annual "Learn to Fly Day" on Sat. October 6th, 2012, 11pm-3pm. They will be providing lunch, door prizes, and discovery flights. Please plan on joining them.

Please work, play and build safely.

Minutes of Monthly Meeting, September 11, 2012

BUSINESS MEETING:

A moment of silence for Victims of 9/11

The minutes from the August meeting were approved by Charlie O'Bringer seconded by Rick Schreiber.

Old Business:

We received a bill from the Airport for ice for the food booth \$49.60 will be added to food booth costs 2013.

New Business:

We have the opportunity to pursue having a pancake breakfast at Starke County Airport. We would like to hear what members have to say. A motion was made to contact Pam at Starke and discuss what's involved in advertising. It was voted to have a committee meet with Pam at Starke and go over details. There will be no costs to our chapter so any money made would be a win for our chapter. Details will follow at next meeting.

Treasurers Report:

Report given by Pam Ray

President's Report:

Congratulations to local pilot Diana Austin for being named to the Lansing Ford Hangar Foundation. VPZ was awarded a \$143,000 grant from the FAA for improvements. For those interested, the Illinois Pilots Association will take a tour of G&N Aircraft engine facility at their Sept 19th meeting. They welcome all pilots to attend. Plan to buy dinner at the airport Mi Tierra Mexican Restaurant at 6:30pm first.

Young Eagles Report:

Nothing to report

Webmaster's Report:

Rick Rozhon shared a DVD of his sailplane flight.

Builder's Night and Project status Show & Tell:

Jim Haklin showed the completed tank with flange & drain valve to drain water on his pietenpol to avoid engine failure.

Newsletter Editor Report

We Care:

We received a thank you card from the Huang family for donations made in their son's honor. Our new member David Boast has a new baby boy ! Paul Huang made it to our meeting we were very happy to see him.

Two Month Look Ahead:

September 19th meeting of the South Suburban Illinois Pilots Association welcomes all pilots to attend their meetings. They are starting off the fall lineup of programs by taking a “road trip” to neighboring Griffith Indiana; Griffith Airport (O5C).

Our next chapter meeting will be October 9th.

Respectively submitted,
Pam Ray
Chapter Secretary/Treasurer

From the kitchen table of the News Letter Editor,

Come on!!! I told you guys last month that my desk was full of Pietenpol parts. This was a memory test☺☺☺.

Hope you have your snow shovels ready. Cold weather is on it’s way☺. Can you feel it in your bones? Niether can I.

Well this month, October, we vote on next year’s officers. Also the meeting will be open to nominations from the members. If you would like the chapter to move in another direction—belly up to the bar—so to speak and run for an office.

Don’t forget:::

Eagle Aircraft is having a “Learn to Fly Day” on Saturday, October 6th from 11am to 3pm. Lunch and door prizes will be offered. This is a good time to check out what kind of aircraft they have for instructing and meet the CFIs that will provide the instruction. Got something neat for Show—And—Tell . You’re just going to have to come to the meeting to find out.

Had to pull the alternator off to get to the cooling eyebrow on the Piet. Have to snake the cables for the CHT sensors through the back of the eyebrow and to the firewall. You only get so much cable and then you have to buy extension cables to make it to the panel. I also have to wire in a selection switch to select either #1 or #2 cylinder.

Nuff said,

See you at the meeting,
Jim H
